- Missed Class Day Policy – Appendix C
- Grievance Policy – Appendix D

- Pregnancy and Parenting Policy – Appendix I
- Online Course Policy – Appendix J

## **Academic Misconduct**

A student-athlete who is charged with academic misconduct as defined by the University of Iowa's policy on academic misconduct, or by the student-athlete's home college, is required to follow University protocol and is subject to sanctions. Student-athletes are to be informed of academic misconduct charges by their respective collegiate office. Cases of academic misconduct are to be solely managed within individual colleges, involving appropriate faculty and staff. The Senior Associate Athletics Director for Student-Athlete Academic Services should be notified by the respective college of all academic misconduct cases in which a student-athlete is formally charged with academic misconduct. The Senior Associate Athletics Director for Student-Athlete Academic Services will notify the Faculty Athletics Representatives, Associate Athletics Director for Compliance, and the Executive Senior Associate Athletics Director of all cases. In cases where an institutional staff member employed by the Athletics Department is involved, the Athletics Human Resources Office will also be notified. It is the responsibility of the Student-Athlete Academic Services Office to ensure student-athletes follow proper University protocol. Faculty and staff are encouraged to report any suspected cases of academic misconduct involving a student-athlete to their respective collegiate office immediately.

## **Advising**

An Athletic Coordinator monitors the academic progress of student-athletes in each sport program. Coordinators obtain academic information during weekly student meetings. Academic information is provided to coaches in a weekly academic report. Such reports can include student performance in individual classes, attendance, and general academic updates. At minimum, Academic Coordinators are required to meet with every student in their designated caseload for the purposes of monitoring academic progress and ensure compliance with institutional, Big Ten Conference and NCAA rules regarding degree progression. Academic Coordinators document their communications with students by logging the date and essence of each meeting in a secure student database management system. If a student is absent to a meeting with their Academic Coordinator, coaches are notified of the absence. Academic Coordinators are expected to hold team academic meetings once per month during the regular academic year with each of their assigned sport programs.

In addition to Academic Coordinators, student-athletes are assigned a university advisor in the student's designated degree program. Academic Coordinators consult with both students and university advisors to develop and maintain updated plans of study, set goals, build schedules, provide information on majors and help facilitate a student's progression toward a degree program.

All current student-athletes must meet with their university advisor once per semester, commencing with their initial registration during summer orientation. Students, in consultation with their advisor, complete a plan of study each semester. The plan of study includes required coursework within their primary program of study, intended graduation date, advisor's signature and contact information. Plans of study are updated each term and should reflect the course recommendations of the university advisor.

## **Athletic Aid**

Athletic aid is available for student-athletes who can no longer compete due to an athletically related injury or who have exhausted their eligibility. The aid is intended to support students with the completion of their primary degree program. Students must submit an Athletic Aid Request Form to the Senior Associate Athletics Director for Student-Athlete Academic Services. Such requests are subject to review each term. Aid requests must be supported by the Student-Athlete Academic Services Office, Athletic Compliance Office, Head Coach and Sport Administrator.

Students who have completed their undergraduate degree program, exhausted their eligibility, and have been admitted to a degree-seeking graduate program while competing, may request aid.

Student-athletes who transferred into the University of Iowa, are enrolled in a graduate program of study, and have exhausted their eligibility may apply for athletic aid to complete their degree. Students must submit an Athletic Aid Request Form to the Senior Associate Athletics Director for Student-Athlete Academic Services. Funds may be used for tuition and fees and cannot be applied retroactively.

**ACADEMIC PROGRESS CLAUSE:** All students who have exhausted their eligibility and who are receiving aid are required to meet with their academic coordinator. At the end of each term, a student's academic progress will be reviewed by the Student-Athlete Academic Services Office. Students are required to meet minimum NCAA and Big Ten progress toward degree guidelines as well as remain in academic good standing within their respective college. Students must enroll in and complete full-time enrollment each term unless they are in their final semester and will complete all course requirements necessary for graduation. Students who fail to meet the above standards may have their athletic aid revoked. Cancellation of aid for any of the above reasons will be at the discretion of the senior athletic administration.

## **Summer School Aid Policy**

Students requesting summer athletic aid must submit a *Summer School Application* through *Team Works*. Athletic aid is available but is not guaranteed.

### **Guidelines**

- Students must apply for summer athletic aid, be approved, and submit a Summer School Acceptance Form before athletics aid is dispersed.
- Students must be eligible to receive athletic aid per NCAA rules.
- Students may receive summer athletic aid to cover up to 3 semester hours of UI coursework in their primary program of study. Students will receive aid during the summer term in which they are enrolled. Students enrolled in more than 3 credit hours of coursework for eligibility or graduation purposes may be approved.
- Any students who meet the summer activities exemption (i.e., football, men's basketball, and women's basketball) do not need to enroll in summer school classes to receive room and board.
- Students requesting summer athletic aid must submit a Summer School Application after they have enrolled in classes during the summer priority registration period.
- Students enrolled in summer school are held to the Academic Services Personalized Academic Support Plan requirements.
- Students on athletic aid may receive the equivalent of their athletic aid during the academic year or tuition, fees, and books whichever is greater, and enroll up to 3 credit hours.
- Students receiving room and board must reside within the Iowa City or 16 surrounding community to receive room and board.

### **Repayment Clause**

Students who fail or withdraw from a course already in progress may be billed the cost of tuition for the course unless they have extenuating circumstances (i.e., unforeseen circumstances that would prohibit a student from completing a course such as a personal or family emergency).

Students will be billed the full tuition amount of each course that is covered by the Athletics Department. The following conditions could result in summer school aid being billed to a student-athletes U-Bill account:

1. Coursework in which a student enrolled, but for which athletics aid was not approved
2. Courses dropped after the full-tuition refund period
3. A student received a failing grade for a course during the summer term

### **Important Dates and Deadlines:**

1. February - College advisor meetings (obtain a plan of study signed by a college advisor)
2. Coordinators send student-athletes applications through *Team Works* if applicable.
3. March - Summer school priority registration period
4. May 1- Deadline to submit a *Summer School Application* along with a plan of study through *Team Works*.

Applications received after this deadline will only be reviewed in cases where a student is deemed academically ineligible after the spring term.

### **Approval Process**

Summer school applications are reviewed by the following:

- Academic Coordinator
- Athletic Compliance
- Senior Associate Athletics Director Student-Athlete Academic Services

### **Priority**

Priority will be given to:

- Teams participating in summer activities;
- Returning students who need summer school due to eligibility, graduation or practice conflicts;
- Students who submitted a Summer School Form prior to May 1;
- Students whose required courses cannot be taken during the year.

### **Winter School Aid Policy**

Students requesting athletic aid for the winter term must submit a written request to the Senior Associate Athletics Director for Student-Athlete Academic Services. Athletic aid is available, but is not guaranteed, and is reserved for students on tender/scholarship.

## Athletic Aid Appeals Process

### Athletic Grant Reduction, Cancellation or Nonrenewal Process and Appeal Procedures-Student Financial Aid Committee (Revised Summer 2023)

It is the responsibility of the Athletics Compliance Office to notify the Office of Student Financial Aid of the reduction or non-renewal of an athletic grant as soon as the decision is finalized by the coach or, in the case of a voluntary quit, the student-athlete.

It is the responsibility of Office of Student Financial Aid to notify the student-athlete in writing via email of the reduction or nonrenewal along with the reason. In accordance with NCAA rules, nonrenewal notifications are provided no later than July 1 after the period of the award. The student-athlete is also provided a copy of the appeal procedures. A committee comprised of individuals outside of the Athletics Department reviews the appeal. A representative from each of the following units will comprise the Committee:

- Office of the Dean of Students (voting member)
- Enrollment Management (voting member)
- Faculty Athletic Representative (voting member)
- Office of Student Financial Aid Athletic Liaison (non-voting member)

It is the responsibility of the student-athlete to submit, in writing, to the Assistant Director of Student Financial Aid, Scholarships and Athletics, an appeal *no later than 15 calendar days of the issuance of the email of nonrenewal or reduction.* In this written appeal, the student-athlete should outline all issues related to the appeal. The student-athlete must provide an explanation of why he/she believes the athletic grant should not have been reduced or cancelled. The student-athlete should provide as much information as possible, including documentation from outside sources.

Upon receipt of the student appeal, the Assistant Director of Student Financial Aid, Scholarship and Athletics will notify the Associate Athletics Director for Compliance and the Appeal Committee members (listed above) of the appeal and the need for an appeal hearing. The hearing should be scheduled within two weeks of the submission of the appeal.

The sport Head Coach must provide, within one week of the notification of the appeal, written documentation to the Assistant Director of Student Financial Aid, Scholarships and Athletics, regarding the circumstances that led to the decision to reduce or cancel the athletic grant. This time frame allows the Appeal Committee members to receive all documentation one week prior to the hearing. The student appeal and coach's information will be provided to committee members at the same time.

#### In-Person Hearing:

- Participants will include:
  - Student-athlete
  - Committee members
  - Athletic Compliance staff representative(s)
  - Sport Head Coach or designee
- Participants may include:

- Family member(s) of the student-athlete and/or advisor. If a family member is not able to be physically present but wishes to participate, he/she may do so electronically through conference call or skype, or other reasonable means.
- Legal representation for the student-athlete, at the student-athlete's expense.
- Legal representation for the Athletics Department at the University's expense (if needed).
- **Format:**
  - Unless there is a specific, pre-approved request by the student-athlete to meet separately with the Committee, all parties will meet together.
  - Each party (student-athlete and Athletics Department representative – either head coach or compliance staff) will provide opening statements.
  - The University will present evidence first followed by the student-athlete.
  - Committee members may question either party.
  - Each party will present closing arguments.

**Time Frame:**

- Within 15 calendar days of the issuance of the reduction or nonrenewal letter/email, the student-athlete must submit, in writing, and appeal to the Assistant Director of Student Financial Aid, Scholarships and Athletics.
- Within seven calendar days of the receipt of the appeal, the sport Head Coach or designee must provide written documentation regarding the circumstances that led to the cancellation or reduction of the athletic grant.
- Ordinarily, within 14 calendar days of the student appeal, the hearing will be held. Allowances may be made for extenuating circumstances.
- Within seven days of the in-person hearing, the Committee will render a decision in writing to the student-athlete and Associate Athletics Director for Compliance.

**Standard of Judgement:** The University bears the burden of proving, by the preponderance of evidence, that the action disputed by the student-athlete-athlete was justified. The Committee will determine, based on the verbal and written evidence presented by the student-athlete and the Athletic Representative if the decision was justified. The Committee's decision is final.

## **Book Policy**

The Compliance Office will purchase all required textbooks for student-athletes on a book scholarship. Required textbooks will be ordered for the student-athletes based on their schedule in MAUI and they will receive an e-mail (to their uiowa.edu email account) from the bookstore where the books were ordered. All textbook orders and request for books must be complete within the first three weeks of the term. No textbooks will be purchased or reimbursed for students after the start of the fourth week of the term. Student-athletes must pick-up their textbooks from the bookstore within this time frame, otherwise the books will be returned and not available for the student-athlete. Exceptions will be made for classes added late or mid semester classes.

Purchased books for classes dropped during the drop/add period must be returned to the bookstore at the conclusion of the third week of class. Student-athletes will be charged the cost of the textbook when not returned by the deadline.

At the conclusion of the semester the student-athlete may keep their textbooks or sell them.

## **Certification Meetings**

Certification meetings are held each fall prior to the first day of classes as part of the student-athlete certification process. The Academic Services and Athletics Compliance Offices provide information to students regarding athletics department, NCAA, Big Ten, and University of Iowa rules and policies. The meetings are mandatory for all student-athletes. In the event a student-athlete has a scheduling conflict, he/she must arrange a time to meet with the Academic Services and Compliance staffs.

## **Class Attendance**

The Athletics Department has a class attendance policy that encourages student-athletes to prioritize class attendance daily. Student-athletes are expected to attend every class session. When a student is unable to attend class due to team travel or health related concern, the Student-Athlete Academic Services staff will notify a student's instructors. If a student is unable to attend a designated class due to illness, injury or personal reasons, the athletic training staff, team physician or approved department staff member will provide the Senior Associate Athletics Director for Student-Athlete Academic Services and the respective Academic Coordinator with documentation to excuse the student from class or tutorial appointments. A student's Academic Coordinator is responsible for notifying student's instructors. Academic Coordinators must copy the Senior Associate Athletics Director for Student-Athlete Academic Services on all email correspondences to instructors regarding missed class time.

**The following protocol should be followed for any student-athlete who is absent from class due to a medically related reason that extends five or more days. A determination will be made if an Academic Recovery Plan be put in place for the student based on one of the following criteria:**

- Level of impact on academic progress in one or more courses
- Student is receiving assistance from Student Disability Services
- Student is not actively participating in sport related activities

## **PROTOCOL**

- 1. Athletic training or staff psychologist notifies Student-Athlete Academic Services of medical treatment and the duration of time a student will be absent from class.**
- 2. Student-Athlete Academic Services will notify all course instructors and the student's campus advisor per the procedure for medically related class absences.**
- 3. If a student is absent from class for five or more days, a meeting will be scheduled with the Associate Athletics Director for Academics, Head Athletic Trainer, Director for Academic Services, Academic Coordinator, and the Associate Athletics Director for Advising and Eligibility.**

Students who have earned their baccalaureate degree may declare as a degree seeking or non-degree seeking graduate or undergraduate program of study. Students may only declare their major with the permission of an assigned university advisor. Academic Coordinators, coaches or athletics department staff members are not permitted to declare a major for a student-athlete.**

## Drug Testing

The purpose of the University of Iowa Department of Athletics Drug Testing (the Program) is to promote good health, safety, and excellent academic and athletic performance of student-athletes. The institutional in-house Program complements and supplements the NCAA year-round testing program, which is governed by the NCAA drug-testing manual. All student-athletes who participate in UI intercollegiate athletics are subject to unannounced drug screening examinations, as outlined in the Drug Testing Policy. The complete policy is available in Teamworks or at the following link:

## Eligibility

Students should use the following academic progress standards during the advising and enrollment process. Failure to adhere to these guidelines may result in a student being academically ineligible.

### NCAA ACADEMIC REQUIREMENTS:

**At all times students must pass a minimum of 6 credit hours each term (a minimum of 9 hours completed for football student-athletes during the fall term).**

The credit hours must be degree applicable starting the students' third year of full-time enrollment.

Entering a student's...	GPA Required	Minimum Degree Progress Requirements
Second Year	1.80	24 hours earned
Third Year	1.90	40% of degree completed
Fourth Year	2.00	60% of degree completed
Fifth Year	2.00	80% of degree completed

### BIG TEN ACADEMIC REQUIREMENTS:

Students in their first year must complete a minimum of 12 credit hours per term and 24 hours at the certifying institution during the academic year.

Grade-Point Average Calculation – Incompletes or Conditional Grades count as zero grade points in a student's UI grade point average used for eligibility and certification. Students cannot become eligible to compete during a term if the student is not academically eligible on the first day of classes of that term.

### UI ACADEMIC PROGRESSION GUIDELINES:

To help assure that student-athletes remain on a four-year graduation track, all student-athletes are encouraged to successfully complete 30 credit hours each academic year (the Fall, Spring, and Summer terms). Student-athletes enrolled at mid-semester will be strongly encouraged to complete the 30 hours prior to the start of the following spring term. An exception to the completion of 30 credit hours per academic year is a student-athlete who is in their last year prior to graduation.

**The Director for Advising and Eligibility will be responsible for a yearly audit of all student-athletes' credit hour completion. Student-athletes who have not met the 30 credit-hour minimum per academic year will be notified by their academic coordinator. Beginning with a student-athlete's third year of enrollment, credit hours must be degree applicable. Student-athletes who are unable to complete 30 hours per academic year must discuss with their academic coordinator the steps needed to remain on a 4-year graduation track, if practical. The academic coordinator will approve students being enrolled in less than 30 hours per academic year based on the following criteria:**

**Appeal Approval criteria:**

- **The student-athlete is ahead in progress toward degree (PTD) requirements**
- **Possible dismissal or eligibility issues**
- **Limited course offerings**
- **The student-athlete is unable to take coursework due to practice or competition schedule**
- **It is recommended that the student-athlete might benefit from Student Disability Services (SDS).**

**The students' academic coordinator will notify student-athletes of the status of their appeal. Student-athletes who fail to complete 30 hours during the previous fall, spring, and summer terms will be strongly encouraged to be enrolled in the credit hours necessary to remain on a 4-year graduation track.**

## End of Season Survey

The End of Season Survey is a yearly assessment tool that evaluates student-athlete experiences at the University of Iowa. The goal of the survey is intended to offer student-athletes an opportunity to share information about their experience from the season. The surveys are conducted anonymously to offer a confidential means of communication via the RealResponse platform. Survey results are compiled and reviewed by members of the Senior Athletic Administration as well as the Faculty Athletic Representatives. Sport Administrators are responsible for providing End of Season Survey feedback to the head coach as part of their yearly performance evaluation.

Key areas of evaluation:

- Health and Well-Being
- Academics & Student Development
- Team
- Athletic Department

## Enrollment

Students requesting to enroll in an Independent Study course must complete a Non-Traditional Course Form that can be found on the University of Iowa's Enrollment Management page (<https://registrar.uiowa.edu/forms>). A syllabus or signed agreement between the instructor and the student that outlines the requirements and due dates for the course must be submitted with the form. The form is to be signed by the Registrar's Office, the Senior Associate Athletics Director for Student-Athlete Academic Services and the Faculty Athletics Representatives.

Please see below for important guidelines for transfer Student-Athletes:

### Transfer Student-Athlete Evaluation Process

- **Evaluation by Admissions Office – Pre-application**
  - Compliance Office coordinates transcript review
  - Admissions will determine admissibility and provide estimated number of transferable credits, but not estimated degree applicable credits in the major (as applicable)
- **Applying to Iowa**
  - Transfers apply via the University of Iowa Application
    - Student access the application on [www.uiowa.edu](http://www.uiowa.edu) and click on the Admissions link.
  - Application fee is \$55. Athletic scholarship recipients receive an application fee refund
  - Official transcripts from every college or university attended must be submitted directly from the issuing institution.
- **After Accepting Admission**
  - Acceptance fee is \$325. Athletic scholarship recipients receive an acceptance fee refund.

- After accepting admission, Office of the Registrar (the certifying officer) and Student-Athlete Academic Services (SAAS) staff will simultaneously review the student's degree audit to evaluate whether the student will meet progress toward degree (PTD) in their chosen major
- Students can have a syllabus evaluated for a major and/or GER requirements assuming the course is already showing as elective credit
- Students should consult with his/her University assigned academic advisor
- If a student believes a transfer course/courses should meet major requirements, the student can complete an Athletic Transfer Syllabus Evaluation Request (found in MyUI/Registrar Forms)
  - Students submit syllabi for courses not initially thought to meet major requirements
- Grades in progress from the previous institution are noted on the degree audit, but are not listed as GE/major/electives
  - The courses will remain in progress until the courses are complete a final transcript is received
- High School Transcripts/World Language Requirements
  - Students must have their high school send an official transcript sent to the Admissions Office to determine status of World Language fulfillment
- **Other Transfer Resources**
  - Various resources are available to unofficially evaluate whether courses are transferable
    - Site to locate transfer equivalencies
      - [UI Search](#)  
Use this search utility to find courses at non-UI institutions that will transfer to the UI.
      - [Transfer Institution Search](#)  
Use this search utility to show transfer course(s) accepted by UI college(s).
      - [Transferology](#)  
After adding your courses to Transferology, students will be able see how previous courses taken applies to the University of Iowa and the degree requirements they satisfy.

## **LESS THAN FULL-TIME ENROLLMENT FORM**

Student-athletes may compete while enrolled less than full-time (i.e., less than 12 credit hours) if the student is in the final semester and enrolled in the coursework necessary to complete the degree requirements within a primary program of study. Students who enroll in less than 12 credit hours and do not graduate at the end of the term will have their remaining eligibility forfeited. Eligible students should work with the Academic Coordinator and submit and *Less Than Full-Time Enrollment Form* found on the UI Office of Enrollment Management website. <https://registrar.uiowa.edu/forms>

# Grade Change Guidelines

## Purpose

To ensure student-athletes are adhering to both University of Iowa and NCAA policies relating to academics and to monitor any suspected cases of impermissible academic assistance.

## Process

- An end of semester (EOS) report detailing student-athlete academic eligibility is processed by the Office of Enrollment Management, and reviewed by Athletic Compliance as well as Student-Athlete Academic Services.
- Student-athletes who are deemed academically ineligible are sent a deficiency letter, which outlines academic criteria for athletic reinstatement. Faculty Athletics Representatives, Sport Administrators and Academic Coordinators are all sent a copy of the letter.
- A grade change report is accessible by the faculty athletics representatives, the Office of Enrollment Management, Student-Athlete Academic Services, and Athletic Compliance. Any student who has a grade change after final grades are submitted, deemed eligible due to the change in grade, are subject to an academic review by the faculty athletics representatives. This includes both incomplete grades and request for grade corrections.
- The Office of Enrollment Management will send a list of incomplete grades to the faculty athletics representatives, Student-Athlete Academic Services, and Athletic Compliance. Any student whose eligibility may be determined once the final grade is posted will be highlighted.
- The Office of Enrollment Management is responsible for notifying Student-Athlete Academic Services, and Athletic Compliance of any grade changes that deem a student-athlete academically eligible. In such cases, faculty athletics representatives will consult with Student-Athlete Academic Services to determine whether further inquiry is necessary. If necessary, the role of the faculty athletics representatives is to ensure the change of grade is in line with course policy, departmental protocol, and the change was not due to eligibility reasons.

## Principles

- Student-athletes are permitted to request a grade correction or re-evaluation of coursework. However, student-athletes may not justify a grade correction for the purpose of athletic eligibility.
- Student-Athlete Academic Services staff may discuss and advise students regarding re-evaluation of coursework. However, staff may not initiate contact with the instructor and ask for a change of grade on behalf of the student.
- Student-Athlete Academic Services staff are permitted to contact an instructor for the purpose of determining a student's overall performance in class.
- Students should copy their Academic Coordinator on all correspondences to instructors regarding grade corrections.

# Student-Athlete Parking Policy 2025-26

## Purpose

Athletic parking permits were established to help students with parking while working or attending practice and/or training in adjacent facilities. Athletic Department has agreed to pay a portion (currently paying half the cost) of the permit and the student athlete is responsible for the remainder of the charge. The Athletic Compliance Department supplies Parking & Transportation Department (P&T) a list of eligible athletes who qualify for the discounted program. The cost of the permit can be found on each permit type below.

## Eligibility

- Sold on a first come first serve basis.
- Students living in university housing are not eligible.
- Students having a storage, Hancher, or commuter parking are not eligible.
- Students are allowed only one parking permit. Motorcycle permits are allowed to be combined with student permits.
- Student Athlete permits work in the library lot (lot 3) as a registered vehicle to prevent tickets. The student is required to pay the hourly rate when parked.
- Permit does not guarantee a parking place.

## Virtual Permits

Student athlete (SA) permits will be virtual permits only. Permits will be available for sale online in the [Parking Portal](#).

For permit sale dates see the [P&T Student Parking page](#). For more information about virtual permits see the [P&T License Plate Recognition page](#).

## **P.A.S.S. Program/Tutoring Policy**

### **P.A.S.S. PROGRAM**

The Personalized Academic Support System (P.A.S.S.) allows student-athletes to work with their Academic Coordinator to create an individualized academic support plan tailored to meet the individual academic needs of each student-athlete. Students will be allowed to choose from a wide list of academic resources offered by Student-Athlete Academic Services, as well as other campus resources. Such services may include, but are not limited to:

- Attending a tutoring session arranged by Student-Athlete Academic Services
- Attending a professor's office hours
- Attend a campus tutoring, writing or math lab session
- Meet with a Learning Specialist to develop organizational and academic skills

Each academic support plan will vary by student and may require students to complete weekly tasks. If weekly tasks are not completed, the Academic Coordinator and that students' Head Coach will be notified.

**Academic Coordinators and sport coaches may have additional requirements for their respective teams.**

## **TUTORING POLICY**

**Tutoring is available free of charge to all student-athletes, managers, student trainers and spirit group members. If a tutor is unavailable for the requested subject, the student-athlete is referred to alternative tutoring resources provided on campus.**

**Tutoring sessions will be arranged by the Tutoring and Administrative Services Specialist for Student-Athlete Academic Services and will be held in the Gerdin Athletic Learning Center. The Tutoring and Retention staff reviews all student-athlete requests and communicates tutoring schedules to students, tutors and academic coordinators. Each tutoring session is documented by the tutor and is reviewed daily by the Assistant AD of Academics. A copy of each tutoring log is sent to respective coaches and Academic Coordinators.**

**Student-athletes are required to attend all meetings with Academic Services staff members, including tutorial appointments. Students must provide the Tutoring and Retention staff 24 hours' notice if the student needs to be absent from an assigned tutorial appointment. Student-athletes are allowed one unexcused absence. A student-athletes will incur a \$10 charge for their second absence, with charges increasing in \$10 increments for any subsequent absences (i.e. \$20 for third absence, \$30 for fourth absence, etc.). Charges will be applied to the student-athlete's U-Bill. After a third absence, the student will be temporarily suspended from their academic support until they meet with the Assistant AD for Academics to discuss possible reinstatement. Academic Coordinators and coaches will be made aware of any academic support absences**

## **Sports Wagering**

**NCAA Bylaw 10.3 prohibits student-athletes from participating in any sports wagering activity that involves intercollegiate or professional athletes. Any activity in which an individual must pay a fee to enter with the chance of receiving a prize is in violation of NCAA rules and can result in ineligibility for the student-athlete. Three important things to remember:**

- **Sports wagering activities that do not involve the outcome of contests are also not permitted (e.g., fantasy leagues, picking the top scorer);**
- **Cash is not the only prohibited item to be used as a wager; it is not permissible to bet with any other item that has tangible value, such as a shirt or a meal;**
- **Providing information about a student-athlete to individuals involved in sport wagering activities is prohibited.**

## Team Travel

The Department of Athletics is committed to the health and safety of Iowa student-athletes. The University of Iowa has a travel policy in place that will provide guidance for fair, equitable and safe travel. It outlines general expectations including permissible modes of transportation, expectations for drivers, hotel accommodations and safety guidelines.

***See your coach or sport administrator for a complete copy of the Team Travel Policy.***

Absences due to university or athletics sponsored events are considered excused, per the University Operations Manual – Part IV. However, students must adhere to the attendance policies as outlined in their course syllabi. Non-collegiate outside competitions are not considered excused absences and students must arrange with their instructors to make up missed classwork. Non-collegiate outside competitions must be approved by the Faculty Athletic Representatives, Sport Administrator, Athletics Compliance, and Academic Services.

For team related competitions away from campus, the Academic Services staff is responsible for communicating with instructors about missed class time. Instructors receive notifications at the beginning of each semester regarding the travel schedule for all student-athletes who will compete during the course of the semester. Instructors are sent a reminder notification the week of each competition alerting them that a student-athlete will be absent from class due to a team competition. Travel notifications to instructors are sent once the Academic Services staff receives the travel itinerary. Students should communicate with their instructors prior to traveling about potential missed classwork and must make up work in a timely fashion. For additional information about student absences, visit the following link:

<https://president.uiowa.edu/presidential-committee-athletics>

## Time Management Plan Policy

In conjunction with an annual playing season declaration, every sport program must develop a time management plan (TMP) to provide student-athletes with greater predictability and transparency in their athletic schedules for the upcoming academic year. TMPs are intended to provide student-athletes adequate advance notice of future athletically related activities in order to effectively plan their academic and non-athletically related activities. The following website has the full time management policy: <http://compliance.hawkeyesports.com/>.

## **Transfer Policy/Procedures**

It is the goal of the Athletics Department that every Iowa student-athlete graduates as a Hawkeye. A small number of student-athletes, however, may decide it is in their best personal interest to transfer to another institution. The NCAA has designed an educational transfer module to help student-athletes considering a transfer to make an informed decision. The NCAA requires all Division I student-athletes to complete the educational module prior to entering the Transfer Portal. The educational transfer module is located on the “Want to Transfer?” resource page at [ncaa.org](http://ncaa.org).

Once a student-athlete completes the module, they must provide a copy of the certificate of completion to the Athletics Compliance Office if they would like to be entered in the NCAA Transfer Portal. The Athletics Compliance Office will then meet with the student to complete the Transfer Notification Form. The Athletics Compliance Office shall enter their information into the Transfer Portal within two business days of receipt of the Transfer Notification Form from the student-athlete.

The Athletics Compliance Office is responsible for completing all information in the NCAA Transfer Portal, including evaluating the student’s eligibility for any Transfer Exceptions. The student must provide written notification of transfer during the period specified for the applicable sport in order to enter the transfer portal, unless an exception is met (e.g. postbaccalaureate transfer).

At the time of submitting the transfer notification, if the student-athlete receives an athletics scholarship, the student’s athletics financial aid may be cancelled or reduced at the conclusion of the academic term. If the athletics aid is changed, the student will receive notification from the office of student financial aid.

If the Head Coach removes the student from the team roster, the student is no longer eligible to receive the following benefits and services from the UI Athletics Department:

- Athletics Facility Access (e.g. weight rooms, locker rooms, practice facilities)
- Fueling stations
- Black Card Meals/Additional Team Meals
- UI Apparel and Equipment (billed for equipment and apparel not returned per department policy)
- Complimentary Tickets to UI Athletic Events

Students receiving an athletics scholarship will maintain access to the Gerding Athletic Learning Center, including the Student-Athlete Academic Services staff and tutors for the duration of their athletic scholarship. Scholarship recipients will remain eligible only for the graduation incentive of HAAP.
